

ENVIRONMENTAL FACT SHEET

This product environmental fact sheet provides a summary of the environmental specifications that can contribute to third party green building rating systems such as LEED, Green Globes and BuiltGreen™. To determine applicable green building credits, consult specific rating system reference guide. For further details on the environmental information, see Naturally Wood's *Building Green with Wood Factsheets* available at www.naturallywood.com

GENERAL INFORMATION

Product Name		General Environmental Attributes of Product	
Manufacturer's Name			
Contact Information			
Website			
Application / Use			

ENVIRONMENTAL INFORMATION

RECYCLED CONTENT			
Product / Component	% Assembly of Overall Product	% Post-Consumer	% Pre-Consumer

REGIONAL MATERIALS				
Product / Component	% Assembly of Overall Product	Location of Product Manufacture / Final Assembly	Location of Material Extraction / Processing	Mode of Transportation
