

*Representing the Canadian Forest industry in China, Forestry Innovation Investment China in cooperation with Canada Wood China (known collectively as the China Enterprise (“CE”)) are working together to build opportunities that advance Canadian wood use in China’s construction sector to increase the export of high value wood products to China.*

## **Manager, Government Relations – Shanghai, China**

The China Enterprise (CE) has an employment opportunity for a Manager, Government Relations working in our Shanghai office to provide business expertise and advice on doing business in Yangtze River Delta region. Through in-depth business experience and working in close collaboration with the CE management team, the Manager, GR is responsible for promoting expanded use of BC wood products in accordance with the strategic plan, by pursuing opportunities, identifying barriers and recommending solutions.

The Manager, GR collaborates with other colleagues in Shanghai through participation in outreach planning, research coordination and opportunity evaluation and event organization, and develops relationships with government agencies, developers, architects, engineers, design institutes and builders. By identifying and fostering good working relationships and strategic business partnerships with key government organizations, critical partners, stakeholders and client groups, the Manager ensures open communication and collaboration between all CE departments and staff.

We are looking for someone with post-secondary education in Communications, Marketing, or Business Management with a minimum of 3 to 5 years’ experience interacting with and developing relationships at multiple levels of government, state-owned enterprises and private corporations. Familiarity with China’s construction and real estate market and developing trends in different regions would be an asset, as would an established network of contacts and business relationships in Shanghai and Yangtze River Delta. Strong project, financial and operational management experience are also essential.

If you have the ability to think strategically with strong analytical skills and possess excellent language skills in both English and Mandarin (written and oral), we would like to hear from you.
